

## FARM BUREAU NEWS

## Remodelling Campaign.

As the poultry culling season is drawing to a close the Farm Bureau is making elaborate preparations for a remodelling campaign. Most hen houses have sufficient material for making a very satisfactory hen house but are poorly arranged with poor light and poor ventilation. The plan is to remodel these houses with very little expense in order to make them satisfactory for winter egg production. More interest is being displayed in improving the poultry flock now than ever before as it is the chief source of income on most of the farms this winter.

—O—

## Securing Car of Apples.

The car of apples ordered by the Farm Bureau were spoken for almost as soon as definite nouncement was made of the plans of disposing. Mr. Fehner, Manager of the Live Stock Shipping Association may decide to get another car if sufficient orders are received in advance to justify it.

—O—

Several farmers have spoken to the County Agent in regard to securing fish from the State Hatcheries for stocking ponds. A number who have secured these fish in the past are very well pleased. One farmer who has two-year old fish is able to keep his table supplied with fresh fish from this source. If every permanent pond in the county was stocked it would add much to the food supply of the farm.

—O—

## Community Banquets.

The Farm Bureau is arranging a number of community banquets at various points over the county. Definite announcement will be made of a number of these at an early date.

—O—

## Short Courses.

The Farmers Short Course at the Missouri College of Agriculture begins October 31, 1921. Students contemplating taking this course should write for a booklet to F. M. Mumford, Dean of the College of Agriculture, University of Missouri, Columbia.

—O—

## To Test Herds.

The Farm Bureau is prepared to assist farmers in their efforts to have their herds tuberculin tested before the state law goes into effect which will be January 1, 1922. The law provides that all herds of five or more cows must be tested. This work can be obtained without charge to the farmers provided they will cooperate with the state officials.

## What Does Your Children's Weight Indicate?

A campaign is being inaugurated on mal-nutrition by many centers of education. It is a growing work and many people are being educated for this branch of work in our leading universities. The work was begun by one of the county's leading physicians, Dr. William R. Emerson, M. D., of Boston. He conducted a class of about fifteen children during the summer vacation. Since then the work has been taken up during the school year in connection with the school work. We find this has worked very well. It takes up very little of the school period it gives the children a vital interest in their physical condition, thus making physiology more practical and last but not least, remedying a condition which has been detrimental to the manhood and womanhood of the coming generation.

In Lafayette County there are now two county organizations taking up the work and in some places local men have undertaken the responsibility. The two

county-wide organizations are the Farm Bureau and Red Cross. These two organizations will work together for the improvement of child health in the county. They cannot do this by themselves but need the cooperation of the parents, especially of the mothers who prepare the food for the children at home and the lunches for school. We know that the mothers will be anxious to cooperate if they know the seriousness of the situation and that this is due in a great measure to ignorance as to the foods and the rest necessary and neglect of proper supervision.

1. Do you mothers know that if your child is 7% underweight he is retarded a whole year in developing?

2. Do you know that on an average one child out of every three in the county is underweight? One of your children may be one of these.

3. Do you know a full face does not always indicate a nourished body.

4. Do you know what to feed your child and why?

This is what the Home Demonstration Agent will endeavor to teach you if you are interested in your child's welfare to the extent of coming to a meeting when she calls on you. The instructions are simple. Any mother can bring her child up to normal weight by following a few ample and definite methods. Come when you are called on and help make life easier for your child now and prevent handicaps which will surely overtake the mal-nourished child.

## Dress Forms Still Popular.

Twelve women met at Mrs. R. W. Powell's at Odessa, October 4th and made eight forms. All forms were finished and taken home to be shellaced and mounted on pedestals by the various husbands who had remained at home all day calling for their wives late in the afternoon.

A bounteous dinner was supplied by the various ladies. Following the dinner the women took a short rest from dress form modelling. The Home Demonstration Agent suggested organizing a program of Home Economic work for the year. All the women were eager to make this and a program on two projects was formulated. Miss Margaret Miller of Higginsville accompanied the Home Demonstration Agent and proved very efficient help throughout the day. Miss Miller has consented to help on future occasions. Her work is greatly appreciated by the patrons of the Agent.

## Herman-Emke.

Herbert Herman of Lexington, and Miss Pauline Emke, daughter of Mr. and Mrs. H. B. Emke, who live three miles south of Lexington, were married Thursday afternoon at 5 o'clock at the Evangelical parsonage, Rev. J. C. Bierbaum, officiating.

## Marriage Licenses.

Marriage licenses have been issued to the following:

Herbert R. Herman, Lexington, Pauline Emke, Lexington  
Frank T. Stevens, Archie, Mo., Lelia A. Welch, Lexington  
Wm. A. Corder, Aullville, Minnie Perdue, Aullville  
Otto Schowengerdt, Higginville, Oreg. Knehans, Higginville

Mrs. A. W. Allen and daughter, Catherine, went to Kansas City yesterday for a few days' visit.

It can be arranged for those entering any time next week or the Monday following to join the new classes which were organized at the big Fall Opening of the Chillicothe Business College last Tuesday.

## BRACE UP!

Do you feel old before your time? Is your back bent and stiff? Do you suffer urinary disorders? Don't despair—profit by Lexington experiences. Lexington people recommend Doan's Kidney Pills. Ask your neighbor. Here's a Lexington resident's statement.

Mrs. Gene Chamberlain, 816 South St., Lexington, says: "Some years ago I had a very lame back. At times those sharp, darting pains were so bad that I couldn't go. If I stooped over it was almost impossible to straighten up without help. I was troubled with dizziness and would have to sit down. My kidneys were very weak and acted irregularly, especially during the night. I was often so tired and nervous that my whole life was miserable. Doan's Kidney Pills were recommended to me and I got some. A few boxes rid me of the awful misery. I always keep Doan's in my house to use as a preventative for they are sure fine."

## Lexington Defeats Richmond 6 to 5.

The Lexington Athletics defeated the Richmond team for the second time this season when they clouted out a 6 to 5 victory over the visitors at the local park Sunday afternoon. The game was a very interesting one. Richmond scored three in the first, one in the fourth and one in the fifth, the locals came back and put three over in their half of the first and added one in the third another in the fourth, and then scored the winning run in the sixth.

Poudevigne and Leirman were the stars of the local aggregation, the former getting a home run and a double, and the latter doing his "bit" by striking out 14 of the visitors.

## Higginsville Wins Championship.

The Higginsville team, winners of the pennant in the last half of the County League, won their second straight game from the Concordia team Sunday, when they defeated them by the score of 12 to 10.

Forschler, Higginsville's big southpaw was hit pretty freely but what he lacked in pitching he made up in batting, knocking the ball out of the Concordia park for the circuit.

## Card of Thanks.

We wish to extend our sincere thank to those who so kindly assisted us during the illness and death of our beloved wife and mother, Mrs. Charles Simmons. Chas. Simmons and Children.

## Card of Thanks.

We wish to thank those who so ably assisted us during our fire a week ago last Monday, when our residence was totally destroyed.

Mr. and Mrs. Carl Bertz.

Miss Ella Nickel arrived Saturday for a visit with friends in this city.

## ADMINISTRATOR'S NOTICE WITH WILL ANNEXED.

Notice is hereby given, that Letters of Administration on the estate of Adaline Wells deceased, were granted to the undersigned on the 30th day of August, 1921, by the Probate Court of Lafayette County, Missouri. All persons having claims against said estate are required to exhibit them for allowance to the undersigned within six months after the date of granting said letters, or they may be precluded from any benefit of said estate; and if such claims be not exhibited within one year from the date of granting said letters, they will be forever barred.

Witness my signature on this 30th day of August, 1921.  
H. W. PLATTENBURG,  
Administrator with will annexed  
Attested by Stephen N. Wilson Judge of Probate for Lafayette County, Missouri.  
(SEAL) Sept. 16, '21

## TRUSTEE'S SALE.

Whereas, Joseph Miller and Eula Miller, husband and wife, by their certain deed of trust dated September 12th, 1918, and recorded in the Recorder's office for Lafayette County, Missouri, in Book 245, at Page 227, conveyed to the undersigned, as trustee the following described real estate situated in the County of Lafayette and State of Missouri, to-wit: Lots numbered fifteen and seventeen Hawkins and Smith's Subdivision of Block "D" Blair's Addition to the City of Higginsville, Lafayette County, Missouri.

Which said deed of trust was given to secure the payment of three certain promissory notes in said deed of trust described. Which said deed of trust provided that upon default being made in the payment of said notes, interest or any part thereof, according to their true tenor and effect, then the whole shall become due and payable. And whereas default has been made in the payment of said notes and interest, according to their true tenor and effect, and said notes and interest is

now due and unpaid; now therefore, at the request of the legal holder and owner of said notes, and by virtue of the power in me vested by said deed of trust, I the said trustee hereby give notice that I will on

SATURDAY, OCTOBER 15th, 1921

at the Court House door in the City of Lexington, Lafayette County, Missouri, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon, of said day, proceed to sell the above described real estate, at public vendue, to the highest bidder for cash in hand for the purpose of paying said notes, the interest thereon and the cost of executing this trust.

Given under my hand this 21st day of September, 1921.

I. H. NOYES, Trustee.

## FINAL SETTLEMENT.

Notice is hereby given to all creditors and other persons interested in the estate of Anna Doelling deceased, that the undersigned Ida Doelling, Administratrix will apply to make a final settlement of said estate, at the November term, 1921, of the Probate Court of Lafayette County, Missouri, to be begun and held at the Probate Court room, in the city of Lexington, on the second Monday in November, 1921.

IDA DOELLING, Administratrix.

## FINAL SETTLEMENT.

Notice is hereby given to all creditors and other persons interested in the estate of Benjamin Pangborn deceased, that the undersigned W. O. Pangborn, Administrator, will apply to make a final settlement of said estate, at the November term, 1921, of the Probate Court of Lafayette County, Missouri, to be begun and held at the Probate Court room, in the city of Lexington, on the second Monday in November, 1921.

W. O. PANGBORN, Administrator.

## FINAL SETTLEMENT.

Notice is hereby given to all creditors and other persons interested in the estate of Margaret Willig deceased, that the undersigned Anne Willig and Walter B. Waddell, Administratrix and Administrator, will apply to make a final settlement of said estate, at the November term, 1921, of the Probate Court of Lafayette County, Missouri, to be begun and held at the Probate Court room, in the city of Lexington, on the second Monday in November, 1921.

ANNE WILLIG, Administratrix, WALTER B. WADDELL, Administrator.

## FINAL SETTLEMENT.

Notice is hereby given to all creditors and other persons interested in the estate of James Byars deceased, that the undersigned Henry C. Chiles, former Public Administrator, will apply to make a final settlement of said estate, at the November term, 1921, of the Probate Court of Lafayette County, Missouri, to be begun and held at the Probate Court room, in the city of Lexington, on the second Monday in November, 1921.

HENRY C. CHILES, Former Public Administrator.

## Making Extraordinary Mileage a Certainty

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

## Read Letters Below—Records from 29,000 to 57,000 Miles

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records.

Now and then they are emphasized by unusual instances such as quoted below. Performances like these demonstrate the ultimate possibilities of Firestone Cords under careful driving.

Sept. 14, 1921  
Firestone Tire & Rubber Co., Jacksonville Branch, Jacksonville, Florida.  
Gentlemen:—

I submit herewith the history of a 1924 Firestone Cord tire. This tire has run 27,000 miles. I have retraced it seven times. The average mileage to each retreading was about 1,000. I think you will agree this is a remarkable record. It is especially unusual as I know the owner to be a severe driver. However, he gives his tire proper inflation. The tire in question is not yet out of service and has every indication of being sufficiently strong for another retreading. I am enclosing photographs of the tire and a photograph of the car.

Sept. 2, 1921  
The Harvey E. Mack Co., Thirteenth & Harmon Place, Minneapolis.  
Gentlemen:—

It occurs to me that you might be interested in the mileage that I obtained from the set of Firestone Cord tires on my Dodge coupe. The first two tires ran over 50,000 miles. The second tire rolled up a mileage of between 54,000 and 55,000. These were both rear tires and had been on a car considerably for some time. The two front tires have run over 20,000 miles and are still in good condition. I expect to get at least 25,000 miles from each of them. I need scarcely say that the Firestone Cord will be my tire choice for the future.

FABRIC 30X 3 1/2 NON SKID EXTRA SIZE \$13.95

In this light the tire is our best tire only Firestone supplies and service can provide this quality at this price.
